Who We Are

Pavicon (k) limited was formally incorporated in Nairobi in July 2011 as a Limited Liability Company with an objective to provide services reliable solutions in structural and civil engineering.

Our competence and solid experience cover the following areas:

1. Telecommunication.
2. Road Construction and Maintenance
3. Building Construction and Rehabilitation Works
4. Renewable Energy
5. Project Management
6. Environmental Impact Assessment
7. Technical Consultancy Services for project works.

Vision

To be the best construction and telecommunication company recognized for innovative technologies, quality and customer focus.

Mission Statement

To provide professional construction and telecommunication services that comply with customer specifications.

OUR VALUES

Best practice and standards

At Pavicon (k) limited we believe that by following the best practice in technical projects we shall be able to offer our customers quality services with value. To achieve this we adhere to set standards and professional ethics.

Competency

We recruit the right people with the right qualifications and equip them with the right training to ensure that we offer value and quality to our customers.

Extra mile

We believe in delivering value to our customers, and to do this we exceed customer expectations by going the extra mile. Being experienced professionals, we offer our customers input in areas outside the technical capabilities of our customers, thereby adding value to our work.

Innovation

At Pavicon (k) limited, we believe that dynamic thinking and an open mind coupled with training enables us to find newer ways to work efficiently, thereby adding value to our customers.

Quality Statement

1. Ensuring customer requirements and quality expectations are clearly defined, understood and met.
2. Ensuring the safety of our employees, customer, operations and the environment.
3. Exceptional customer support and after sales service.

OUR MAIN SERVICES

1. Telecommunication
 - Bts Rollout & Maintenance,
 - Fibre Rollout & Maintenance
 - Provision of power equipment Rollout Services
2. Road Construction and Maintenance
3. Building Construction and Rehabilitation
4. Renewable Energy

Structured Cabling

The Cabling team has vast experience in installing switch room equipment (media gateways, TRAU's and MSCs) and data center cabling. The team is trained in both Ethernet and fiber optic cabling and is able to install almost any switch room equipment.

Power transmission & distribution services

1. Design, supply and Installations of Transmission Towers
2. Design and Supply of Galvanized Sub-station structures
3. Transmission Line Construction
4. Civil Construction, Erection, Testing and Commissioning of Substations LT/HT/EHT
5. Design, Supply, Installation, Testing and Commissioning of Electrical Installations

Network operation & maintenance services

1. telecom Equipment Maintenance (SLA)
2. Telecom site Maintenance (Fuelling, and General site maintenance)
3. Optical Fiber Networks Maintenance

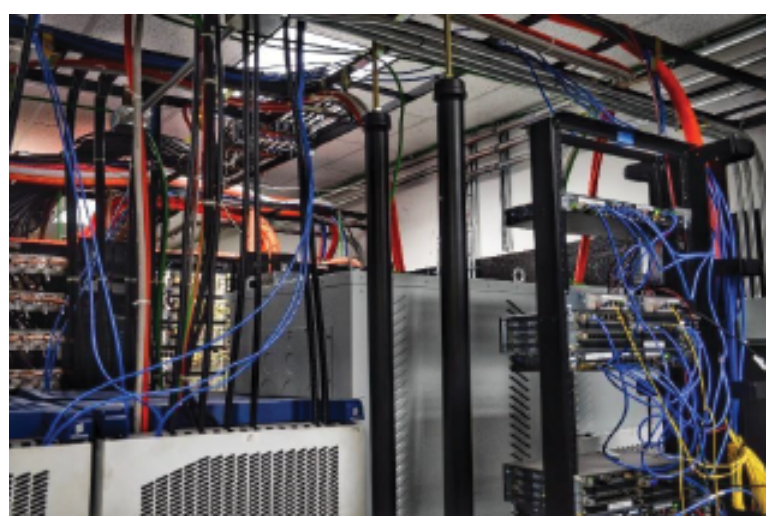

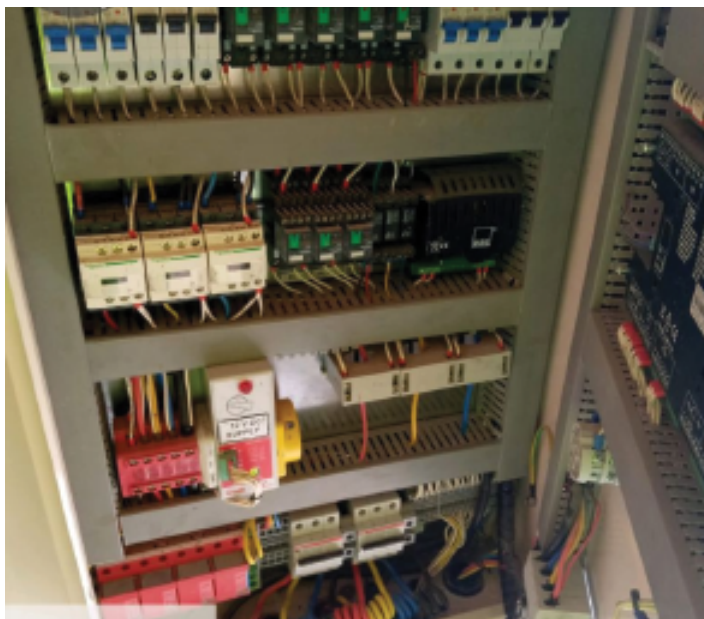

Telecommunication Services

1. Turnkey Telecom site construction
2. RF and Transmission Network Planning and Design
3. Drive Test & Network Optimization
4. Installation, Testing & Commissioning of all Telecom equipment
5. In-building solutions for wireless networks
6. IT Enabled Services
7. Enterprise solutions
8. Optical Transmission systems installation and commissioning
9. Turnkey Civil works for Fiber Optic systems

Electrical Works

The electrical department has enough expertise to carry out expansive electrical works. The department is able to install generators, electrical fences, aviation lights and AVRs.

Surveys

The survey team at Pavicon is able to carry out Line of Sight surveys as well as RF surveys. The survey team is able to produce comprehensive reports that provide accurate information required to roll out telecommunication infra-structure.

Civil Works

The Civil Department Pavicon is responsible for all on site construction. The personnel have worked in difficult environments and has gained valuable experience in logistical management and managing projects in harsh and difficult to access places.

Our civil team here at Pavicon (k) limited is highly experienced and trained in building structures that comply to all set standards by all the licensing authorities the team has participated in several training sessions to improve skills and confidence levels.

Building and Construction

We offer a wide range of Civil Engineering and Environmental services such as Residential Houses, Institutions and Commercial Buildings

Renewable Energy

Design, Supply, Installation and Commissioning of:

1. Hybrid Power Systems (Genset, Wind and Solar)
2. Wind Power Systems
3. Solar Power Systems

Office automation and security

1. Call Centre Solutions
2. IP PABX solutions
3. LAN design, implementation and maintenance
4. Security monitoring systems
5. Access control

Our Resources

Our resource base includes but is not limited to the following:

1. 4wd utility vehicles
2. Saloon vehicles
3. Garmin GPS Handsets
4. Cell Aligners
5. Digital Cameras
6. Laptop computers
7. HP Wide Format CAD Printer
8. Compass sets
9. Binoculars
10. Pathloss Software
11. Electrical Hammer drill
12. Electrical Circular saw
13. Fully Stocked Tool boxes
14. BER Tester
15. Site Master
16. RF attenuators, various impedances
17. Splicing machines

In addition, we have a fully equipped office with all the necessary office equipment and support staff.

We are also in a strong financial position to provide any extra resources that will be required to deliver in our responsibilities.
